# CULLIGAN® MEDALLIST SERIES®

## Water Softeners

### Culligan Soft Water Means Better Living.

Dissolved minerals in the hard water that enters your house form scale that makes water heaters and other water-using appliances work harder than necessary. From spending too much on laundry detergents and softening agents to constantly battling dry skin and dull, lifeless hair, you need the Culligan Medallist Series Water Softener to deliver soft Culligan water throughout the entire house.

### LIFE IMPROVEMENTS

BRIGHTER WASH

EASIER CLEANING

SPARKLING DISHES

HOT WATER EFFICIENCY

#### Culligan water makes you feel good

Enjoy silky, shiny hair and cleaner, smoother skin. Your baths and showers are a pleasure—the water actually feels better on your skin, and soap rinses right off, leaving you cleaner. Your clothes, sheets and bedding feel good too. Laundry detergent residue rinses clean from your laundry, leaving them soft and smooth against your skin.

**Brighter Wash:** Laundry soaps work better in soft water to get fabrics their brightest. Whites and colors will be more vibrant and come out cleaner. Towels are fluffier and absorb better.

**Easier Cleaning:** Bathtubs, fixtures, shower stalls and glass—everything cleans easier and stays clean longer saving you time and money.

**Sparkling dishes:** Washed by hand or in the dishwasher, your glassware comes out spot-free, and your dishes, flatware, pots and pans come out squeaky clean and shiny.

**Save money:** The Culligan Medallist Series® water softener efficiency saves you money. You'll spend less on soaps, detergents, lotions electricity and gas for your water heater and dramatically extend the life of your water-using appliances!

## COST SAVINGS

### Culligan Soft Water Saves Time And Money With:

- Less cleaning
- Reduces rust stains and dirty fixtures
- Reduce damaging scale buildup in your water heater, humidifier and other water using appliances throughout your entire house

The **Outdoor Culligan Medallist Series Water Softener** is certified for outdoor installations. Wind, rain, even annoying garden-variety “wildlife” won’t stop you from all the benefits of soft water.

## SYSTEM BENEFITS

### Superior performance

- Low voltage (24-volt) operation
- Demand Regeneration: saves water, salt and electricity
- Fingertip operation
- Cul-Flo-Valv<sup>®</sup> bypass to conserve soft water

- Convenient salt delivery service available

### HEY CULLIGAN MAN!

At Culligan, we’ve been committed to providing a full-line of water treatment products to match virtually any application and budget for over 75 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. Just as important, they’re supported by your Culligan Man, a local water expert. Your Culligan dealer makes your decision easy as we can provide salt delivery, filter and media changes, rentals and financing options.

## PRODUCT SPECIFICATIONS

### Exclusive Culligan Medallist Series Design and Technology

- The Cul-Flo-Valv<sup>®</sup> allows you to bypass the system for uses not requiring softened water—such as watering the lawn.
- The Culligan meter option monitors daily water use and activates regeneration only when needed, saving you salt and water.
- Exclusive, non-corrosive 5-cycle motorized control valve directs water flow during service and regeneration cycles.
- Cullex<sup>®</sup> resin provides maximum water softening capacity, stability, long life and is backed by a limited lifetime warranty.
- High grade quartz underbedding evenly distributes water to maximize flow rates.
- The low voltage, fully programmable Accusoft<sup>®</sup> Microprocessor offers easy data entry performance options that can be set at the touch of a button, to meet individual needs. All programming is safe from most power interruptions and surges.
- The Guest-Cycle<sup>™</sup> recharge feature provides an extra supply of conditioned water when there are more people than normal in the home.
- The sturdy, filament-wound exterior, and smooth, non-permeable inner tank and shell is listed with the National Sanitation Foundation.

### Longer Life

- A Dubl-Safe brine refill control provides assured shut-off and corrosion-proof components for longer life.

### System Protection

- A non-corrosive brine plate assists in dissolving salt and protects the system from salt impurities.
